

Laurie Glaude and Heather Greenwood presented the students with tips on writing a resume and cover letter. In addition students learned how to prepare for an interview, interview techniques and suggestions to build your resume through volunteerism, leadership roles and through organized sports. All students were given time to practice interviewing and received feedback to improve. This was a great opportunity for students to prepare for their interviews for the Academy of Finance Intern Program. Below are the comments made by the School to Career Coordinator.

“I can’t thank you enough for coming today and helping our kids with their internship preparation. It means so much to have professionals from the industry reinforce the lessons we try to teach them in the classroom. Your presentation was great!”
